## CP-TK-2X4

### Snap-on Aluminum Crowderframe Pocket Trim Kit

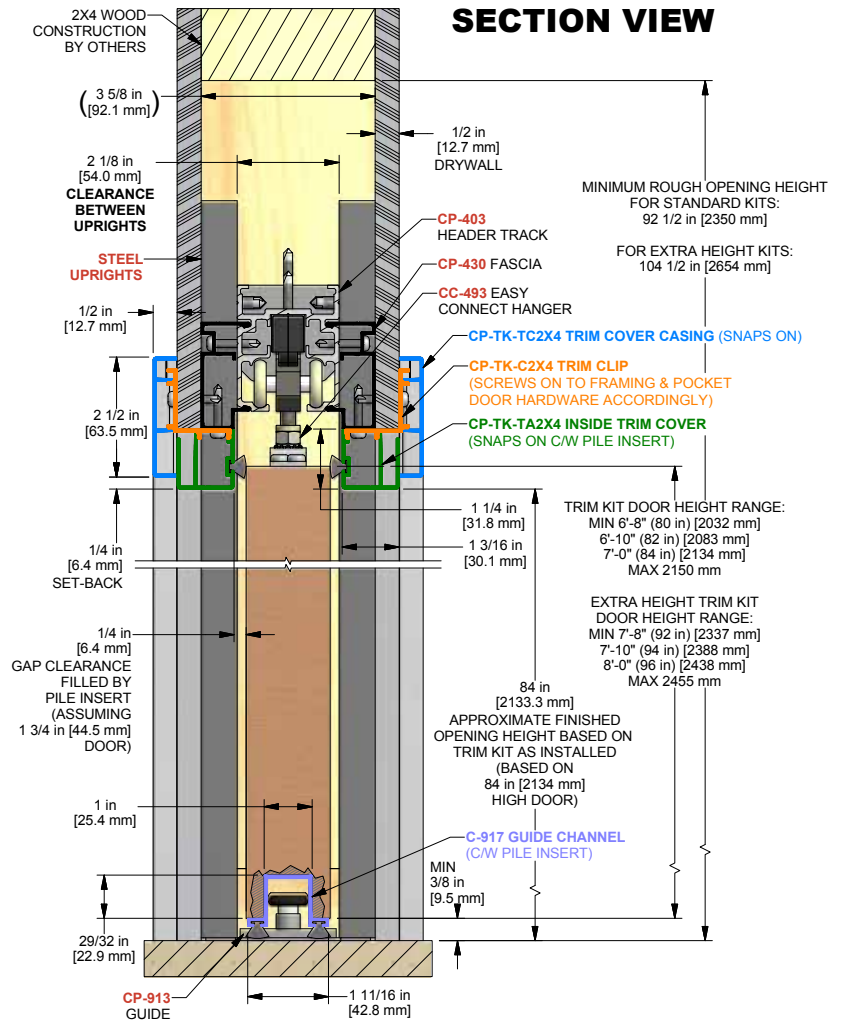

Crowderframe Pocket Trim Kit (CP-TK) saves on installation time, easy to install and allows for quick access by removing for pocket door maintenance versus traditional wood trim finishing.

#### Key Product Features:

- Installing the CP-TK Kit with the CP-CC493-W Catch'N'Close Crowderframe Pocket Door Kit will allow for the door to be installed after the drywall is installed. This is not possible with traditional pocket door kits (Note, it is recommended to install door for positioning and remove before drywall is installed if required).
- Using the snap-on Trim Kit allows for the trim to be installed without visible fasteners. Simply caulk if desired and paint to finish.
- Can be primed and painted on site
- Custom finishes can be supplied, please contact customer service
- Use with 1/2 in [12.7 mm] drywall only (by others)
