

BI-FOLD & PIVOTING SYSTEMS

HEAVY-DUTY

new

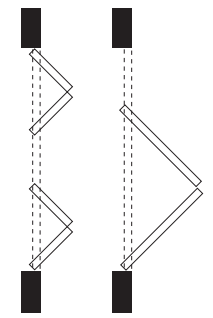

C-510 PIVOT KIT

C-204 TRACK

This new improved pivot complete with thrust bearings for extra heavy load. The top pivot clamps onto the track and new top plates reduce costs of prepping doors. The **C-995-FP** hanger (supplied) uses the same top plate as pivot end. Hinges by others.

- Use with Extruded Aluminum **C-204 Track**, 6061 T6 Alloy
- Load capacity **200 lbs. per panel/leaf**.

Up to 200 lbs. per panel
