

# CATCH 'N' CLOSE®

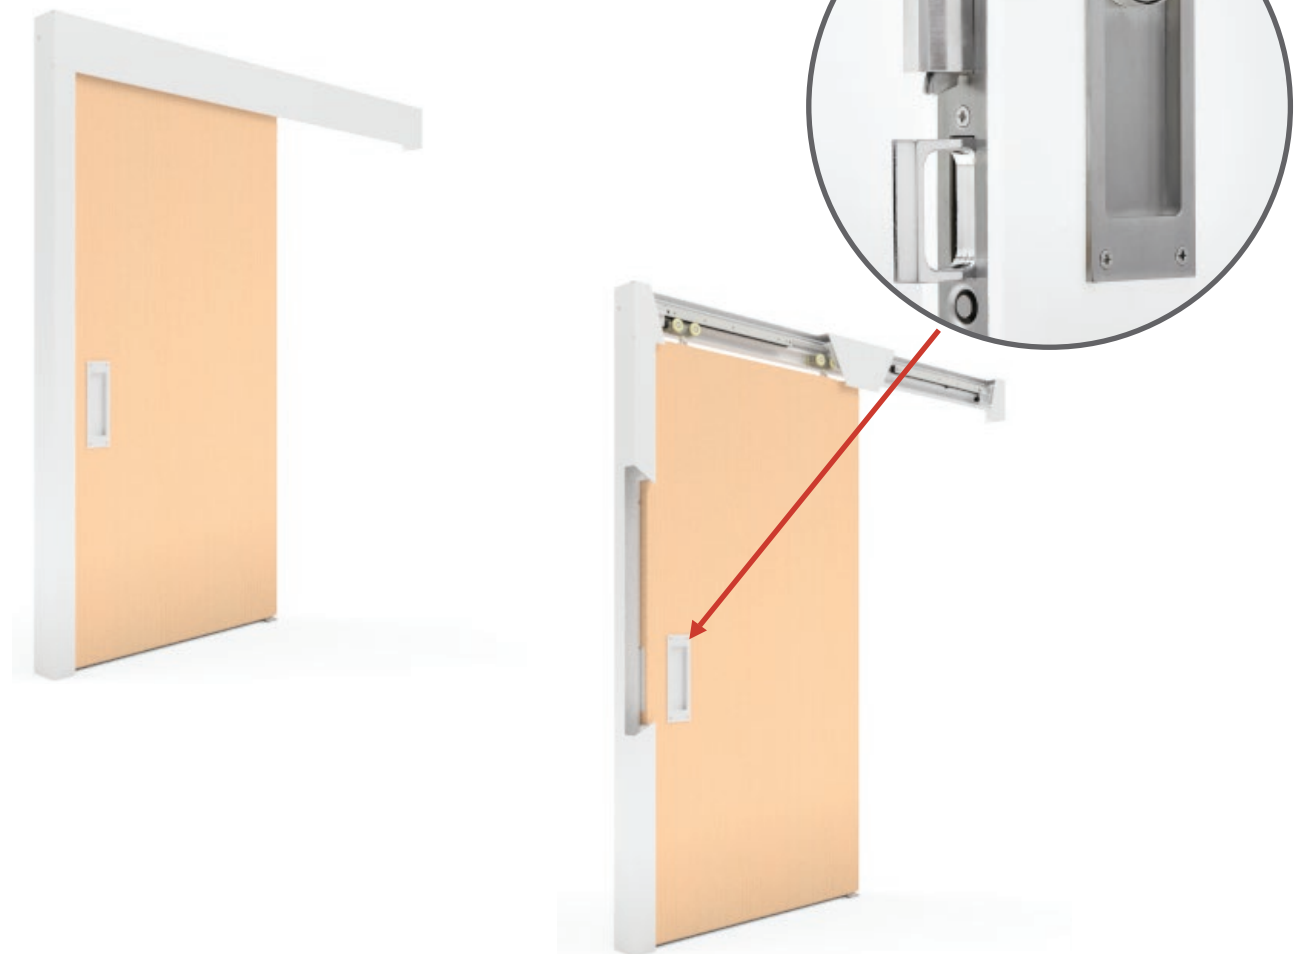

Closes safely and silently

Coming Soon!

## CCSF-JST SYSTEM

Our CCSF-JST (Catch'N'Close Side Mount Track, Hardware, Jamb, Strike & Trim) systems are designed to finish off the entire opening with anodized or powder-coated aluminum snap-on covers and trim that create a seamless and uniform look. Using our CCSF-993 Catch'N'Close Barn Door Series, a full height strike jamb allows for privacy or security lock sets to be used without the need to build a jamb out from the wall. Complete Jamb, Strike & Trim system comes with pile inserts to improve sound and light transmission around the door when closed.

Ideal for hospitality, medical, commercial and office applications.
