

# CATCH 'N' CLOSE®

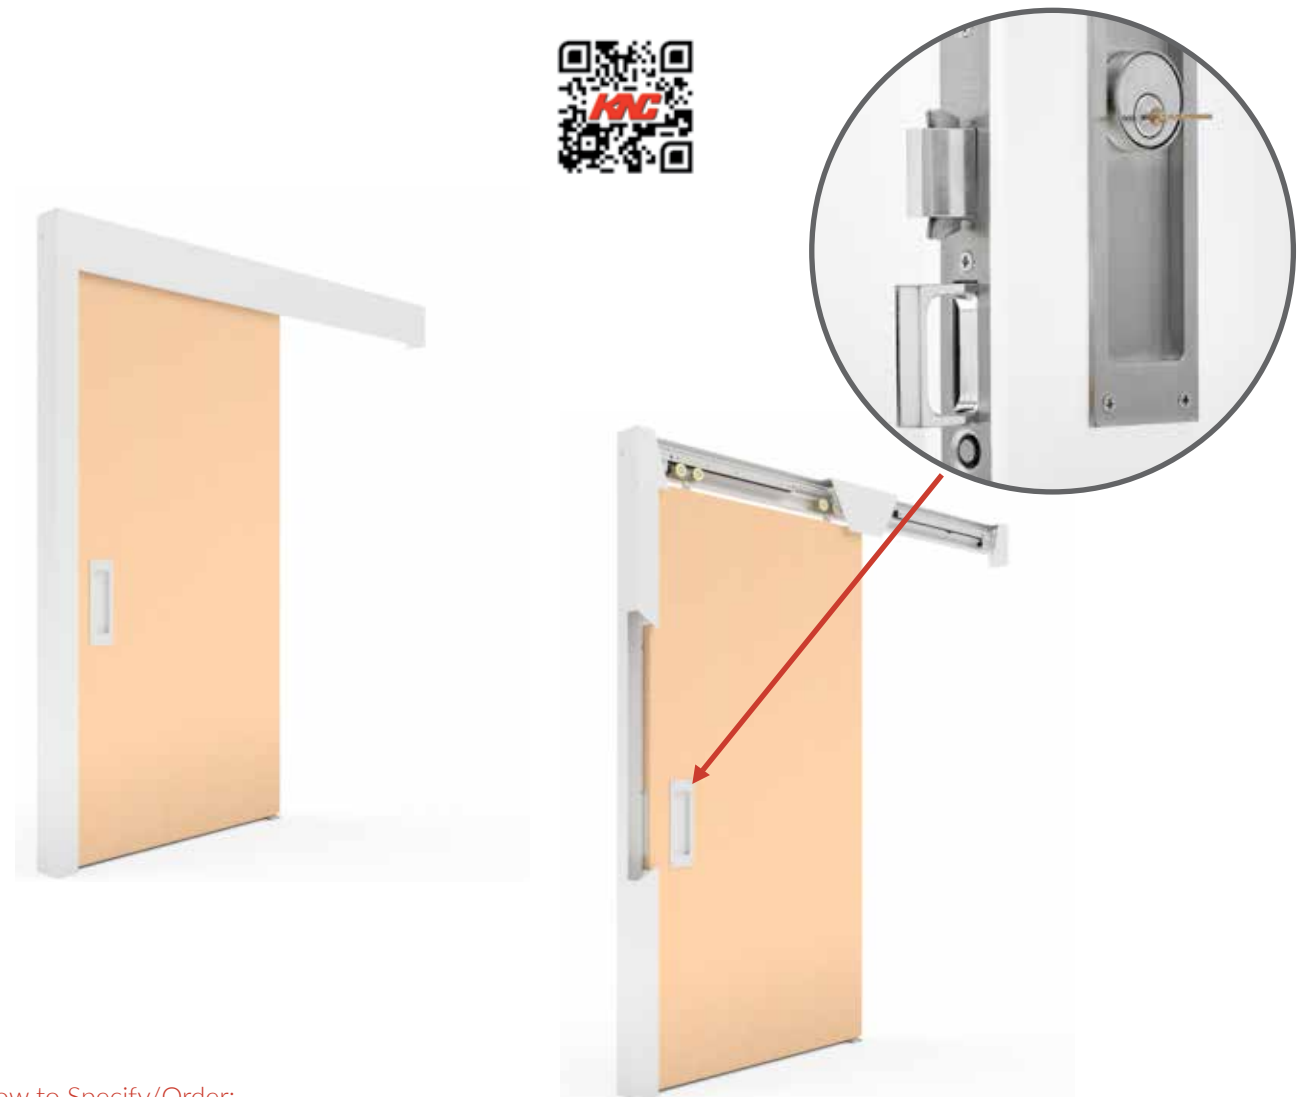

Closes safely and silently

Coming Soon!

## CROWDER SLIDE

The Crowder Slide system is designed to finish off the entire opening with anodized or powder-coated aluminum snap-on covers and trim that create a seamless and uniform look. Using our Catch 'N' Close Barn Door Series, a full height strike jamb allows for privacy or security locksets to be used without the need to build a jamb out from the wall. This complete jamb, strike, and trim system comes with pile inserts to improve sound and light transmission around the door when closed.

Ideal for hospitality, medical, commercial and office applications.
