

CATCH'N'CLOSE®

Closes safely and silently

ZERO CLEARANCE CATCH'N'CLOSE HANGERS

CCSF-810
Up to 300 lbs. [136 kg] per door

CCL-410
Up to 150 lbs. [68 kg] per door

For an ultra-modern look, these kit combinations feature a smooth undetailed fascia that can be clear, bronze or black anodized, or powder-coated any colour to add to your vision. The zero clearance hangers reduce light and sound entry, along with the visual space between the track and door, making it the ultimate sliding barn door system.

Our nylon wheels with precision ball bearings always make for smooth and quiet door operation. Our patented Catch'N'Close closing system adds to the sleekness by gently guiding the door into position without any assistance.

How to Specify/Order:

Kit Code: CCSF-[]-810 X [track length] 1DR KIT

[] = maximum door weight (2 for 200 lbs. [91 kg] or 3 for 300 lbs. [136 kg])

Kit Code: CCL-[]-410 X [track length] 1DR KIT

[] = maximum door weight (75 for 75 lbs. [34 kg] or 1 for 150 lbs. [68 kg])

Note: [track length] = door width x 2 (for 1 door kits)
