

CATCH 'N' CLOSE®
Closes safely and silently
2X6 HEAVY-DUTY POCKET DOOR KIT

New!

TYPE CC-HD-2X6

Up to 300 lbs. [136 kg] per door
For 2X6 Wall Construction

Our best-selling Crowderframe Pocket Door Kit now comes in a heavy-duty version specifically engineered for 2X6 wall construction! This complete kit eliminates the need for shim kits, making installation fast and easy. As always, our nylon wheels with precision ball bearings allow for smooth and quiet door operation. The Catch'N'Close closing system enables the door to glide into position without any assistance.

Additional features:

- Complete with larger, heavy-duty roll formed steel uprights for less deflection and easy to screw into for drywall fastening.
- The NEW CC-998 Easy Connect Top Mount Hangers allow you the choice to install the door before OR after the drywall goes up. They also allow for height and plumb adjustments while the door is up.
- New Catch'N'Close slot makes installation or replacement of Catch'N'Close devices simple. No removing trim, the door, or cutting into the drywall required.
- Faster and easier installation than a traditional pocket built on-site.
- For single or bi-parting door applications.

How to Specify/Order:
