

CATCH 'N' CLOSE®
Closes safely and silently

CROWDER COME-ALONG

CA-134-3
Up to 200 lbs. [91 kg] per door

CA-134-3HD HEAVY-DUTY
Up to 350 lbs. [159 kg] per door

This is the system of choice if you have multiple doors that need to move as one! Our Come-Along System allows all doors to move by simply opening/closing the lead door; successive doors follow along. This system also eliminates recessing guide channels in the floor.

Our patented Catch 'N' Close closing system can be added to enable the doors to glide into position without any assistance.

Track and hardware components are chosen separately to integrate with the Come-Along System.

How to Specify/Order:

Please contact KN Crowder at customerservice@kncrowder.com or 1-866-999-1KNC(1562) for more information.
